

WRITING PROMPT: APPRECIATING DIFFERENT COUNTRIES & CULTURES

Think about another country or culture you would like to learn more about. Research a specific aspect that you find interesting. This could be a specific food, the language, an animal, a celebration, or even clothing. Write down what you learn and consider the following questions. Why did you choose this particular country or culture? What are some fascinating things you learned? Write your thoughts in 1-2 paragraphs.
